# DRIVER TRAINING

## Specialist training services for the petrochemical & general haulage industries.

At Pen Underwriting we don't just want to be there when something goes wrong, we want to help businesses prevent it from going wrong in the first place.

That's why we offer specialist training courses for drivers in the hazardous goods & general haulage industries, its customers, suppliers and contractors.

Pen has provided specialist driver training for over twenty years, has trained thousands of candidates and organised hundreds of training days each year both in the UK and internationally. All our services are delivered by in-house specialists, supported by a network of associates who have expertise in their field and have practical in-depth experience of the industry.

At Pen, we take pride in providing an exceptional service and create an unforgettable experience, which is why our training packages offer additional benefits, such as:

### Our training packages include:

- A wide selection of courses and consulting services designed to meet your specific needs.
- Flexible delivery options for our training modules, providing a personalised learning experience.
- Our courses and training modules can be conveniently conducted either at your own depot or centre, providing a one to one setting, or in a classroom and practical environment
- With our training solutions, candidates can achieve exceptional levels of professionalism, leading to safe and successful outcomes.
- Our focus is on empowering individuals to achieve excellence and ensuring their abilities are at the forefront of industry standards.

## PEN DRIVER APPROVED COURSES AND MODULES INCLUDE:

### ADR Driver Training

'Accord Dangereuse Routiers' (ADR). Requires drivers of hazardous goods vehicles to attend a formally recognised and approved training course every five years. Our SQA accredited initial & refresher courses are delivered nationwide.

### CPC Driver Periodic Training

Pen Driver Training are a Driving and Vehicle Services Agency (DVSA) accredited training provider for Driver CPC Periodic Training. A mixture of classroom and in cab training provides a versatile approach to meeting training requirements whilst minimising business interruption and driver down time.

### Petroleum Driver Passport

The PDP scheme sets a benchmark for all road tanker drivers who are loading, transporting and discharging petroleum fuel products in the UK.

Competency is measured and assessed through a combination of classroom theory and practical performance.

### Hazard Awareness

Legislation requires that all personnel involved in the carriage of dangerous goods are trained regularly to recognise the hazards they face in their working environment and understand how to act if an incident occurs & Security of Dangerous Goods.

## TESTIMONIALS

“ Our instructor from Pen Driver Training was extremely friendly and helpful, and delivered interesting and informative training courses. We have had positive feedback from our drivers on how the training was conducted.

The Instructor made the day very interesting and enjoyable. We look forward to working with Pen Instructors again soon.
