

Caravan (Static - Park Home)

Target Market Statement

Product Type

This is an insurance product for consumer customers who require cover for leisure homes such as static caravans, park homes, chalets or lodges. Cover is provided for permanent fixtures and fittings, domestic outbuildings, garages, sheds and fixed storage chests, skirting and floatation devices, steps, balconies, patios, paths, drives, fences and gates.

Cover can be extended for contents including household goods and personal belongings contained within the leisure home.

Cover also extends to include legal liability for bodily injury or damage to property arising out of ownership, possession or use of the leisure home.

Characteristics of the target market (who is this product designed for?)

This product is designed for customers who are over the age of 18 and require insurance for part-time occupied leisure homes, located in the United Kingdom, Channel Islands or the Isle of Man.

The product can provide cover where there are non-standard elements, such as:

- Leisure homes that have previously suffered a subsidence, landslip or heave loss in the last 25 years.
- Leisure homes of non-standard construction (such as timber, metal and pre-cast concrete).

Objectives, needs and interests of the target market (considering the key features and benefits of the product)

The product provides cover for loss or damage to the leisure home structure and/or its contents caused by events such as fire, explosion, impact, storm, flood, escape of water, theft and subsidence.

Customers will benefit from the following policy features:

- **Leisure Building or Structure:** Cover for the cost of repairing, replacing or rebuilding the leisure home up to an agreed sum insured, plus loss of rent and temporary accommodation costs.
- **Contents:** Cover for the cost of repairing or replacing the contents of the leisure home, plus property in the open at the premises.
- **Personal Belongings:** Cover for the cost of repair or replacing personal belongings damaged within the leisure home.

- **Domestic Freezer:** Cover for the cost of replacing food in the fridge or freezer, within the leisure home.
- **Pedal Cycles:** Cover for the cost of repairing or replacing pedal cycles following theft or accidental damage within the leisure home.
- **Public Liability:** Covers legal liability for bodily injury or property damage arising as a private individual out of ownership, possession or use of the leisure home.
- **Money:** Cover for theft or accidental loss of money within the leisure home.

Depending on the requirements of the customer, the following optional covers can be selected:

- Cover for accidental damage to the leisure home and its contents.
- Cover for personal belongings away from the leisure home.
- Cover for pedal cycles away from the leisure home.

Who is this product not designed for?

This product is not suitable for:

- Premises located outside of the United Kingdom, Channels Islands or the Isle of Man.
- Leisure homes sited on unregistered caravan parks and/or commercial premises.
- Total sum insured values of more than £500,000.
- Structures located in areas identified by us as having an increased risk of flooding.
- Customers with more than two losses within the last 5 years that would have been covered by this product or a similar product.
- Customers who require short term non-renewable cover.
- Customers who cannot afford the annual or monthly premiums.

How do we expect this product to be distributed?

This product should be sold with the active assistance and guidance of an insurance intermediary with whom Pen has an agency, to select the appropriate level of cover. The product will only be distributed through brokers who have an agency agreement with Pen, and it will not be distributed directly by Pen to customers.

This product is suitable to be distributed via a variety of intermediated sales channels, such as face to face, telephone, email, or by postal application.

Consideration should be given to the vulnerability of customers by the intermediary who should provide any appropriate support they may need.

What are the distributor value considerations?

We expect all distributors in the chain to consider the following when selling Pen's products:

- The impact on product value of offering other products alongside this one, especially those with proportionally greater remuneration. For example, an ancillary product, elements of which may duplicate existing cover, or premium finance charged at an elevated rate of Annual Percentage Rate (APR).
- Additional commission, fees or charges added as part of distribution processes must be proportionate to the service provided, in line with those charged elsewhere, and not affect the overall value offered by the product.
- Distributors must ensure there is no duplication of cover as a result of any add-on products sold where appropriate cover is already provided by the policy.
- Distributors must familiarise themselves with the product options and extensions available and consider these when selling Pen's products to customers.
- Distributors should consider the demands and needs of the customer and the Consumer Duty requirements when dealing with customers.

Scope

This document is intended to provide an indicative summary of the target market for this product and is not a summary of coverage. Please refer to separate policy documentation for full details of the coverage provided by the product.

Pen has a Product Approval Process

Pen has a product approval process in place to ensure that there is appropriate oversight of all products where Pen is either a co-manufacturer or a distributor. The process includes a risk assessment process where due consideration is given to the impact of the product on the target market and the value of the product.

A diagram of Pen's product approval process can be found on the Pen website [here](#).

Important Information

This target market statement should be used by all (co-)manufacturers and distributors of this product. (Co-)manufacturers and distributors should not create their own variation of this document. Where any party using this document has concerns about the accuracy or completeness of the information included, this should be raised to Pen urgently for discussion.

Product Fair Value Outcome – Methodology

Pen has completed Fair Value Assessment work on products we co-manufacture. This is based on groupings of products which may be similar in features and are intended to be distributed to similar target markets.

This Product Fair Value Outcome Statement is not intended to replicate our Fair Value Assessments but sets out the approach taken and the outcome of the assessment.

Distributor Remuneration

Pen agrees commission rates with each distributor and as part of the fair value assessment process has requested details of any additional fees that may be added in the distribution chain. The fee details received have been analysed and if Pen considers these could impact the value of the product this would be raised directly with distributors.

All distributors should be able to:

- Confirm annually that the commissions and fees they charge are reasonable relative to the service(s) they provide and the total cost of the product to the customer; and
- Justify that commissions and fees they charge are fair and support the intended value of the product.

How Pen Assesses Value

Pen's product governance and oversight process requires a full review of all product groups at least annually to determine if the product offers fair value to the customer.

These reviews consider the following areas:
