

## Corporate (Employee Benefits) Leisure Travel

### Scope

This document is designed to offer a high-level overview of the intended target market for this product. It is not intended to serve as a summary of the coverage provided. For comprehensive information regarding the product's coverage, please refer to the relevant policy documentation. This document also evaluates whether the product delivers fair value to customers by assessing its features, benefits, pricing and distribution methods.

### Target Market Statement

#### Product Type

This target market statement relates to an insurance product for annual leisure travel for commercial customers domiciled in the United Kingdom, Channel Islands or Isle of Man. The annual leisure travel product provides protection for directors and employees of commercial customers who require insurance coverage for bodily injury or illness whilst travelling for leisure purposes anywhere in the World, subject to United Kingdom Foreign, Commonwealth and Development official guidelines.

#### Characteristics of the target market (who is the product designed for?)

This product is designed for commercial customers domiciled in the United Kingdom, Channel Islands or Isle of Man.

There are no excluded trades or occupations except those listed below:

- Professional pilots or aircrew
- Air traffic controllers
- Ships' crew
- Doctors, nurses and other related professional persons
- Musicians
- Members of the police and fire brigade

Cover is provided to varying sizes of businesses with a minimum of 25 employees. For commercial customers with between 25 and 250 employees, cover is provided on a mandatory basis. For commercial customers with more than 250 employees, cover is offered on a voluntary basis.

These products are not sold to vulnerable customers, but the directors or employees of the commercial customers may include individual vulnerable customers.

This product is suitable for vulnerable customers when distributed via an intermediary who can provide the additional support needed.

## **Objectives, needs and interests of the target market (considering the key features and benefits of the product)**

There are different cover options available to the commercial customer, depending on suitability for requirements. Directors and employees can select European or Worldwide cover and extensions are available for Winter sports.

This product can provide insurance protection whilst the directors or employees of commercial customers travel for leisure purposes that results in:

- Personal Accident: Cover for accidental Death or disablement following an accident.
- Emergency Medical Expenses: Cover for the costs of any emergency medical treatment, including repatriation of mortal remains, an additional travelling companion and supplementary accommodation and sustenance expenses.
- Loss or Damage of Personal Baggage: Cover for lost or damaged items beyond repair.
- Travel Delay: Cover for delay, disruption and missed departure.
- Flight Delay: Cash compensation if a pre-registered flight is delayed more than 2 hours.
- Cancellation and curtailment: Cover for loss of irrecoverable deposits or payments for unused travel and accommodation.
- Personal Liability: Cover in the event of any third-party injury or damage where a director or employee is liable. Also included is a claims service and 24-hour medical assistance helpline.

This product is intended to be offered via a benefits platform which allows directors and employees to select their required benefits on an annual basis and pay the premium via a salary sacrifice arrangement.

## **Who is this product not designed for?**

This product is not suitable for commercial customers:

- Who are domiciled outside the United Kingdom, Channel Islands or the Isle of Man.
- Who have less than 25 directors or employees.

In addition, this product is not suitable to be sold to an individual consumer.

## **How do we expect this product to be distributed?**

This product should be sold with the active assistance and guidance of an insurance intermediary with whom Pen has an agency, to select the appropriate level of cover. The product will only be distributed through brokers who have an agency agreement with Pen, and it will not be distributed directly by Pen to customers.

This product is suitable to be distributed via a variety of intermediated sales channels, such as face to face, telephone, email or by postal application.

Consideration should be given to the vulnerability of customers by the intermediary who should provide any appropriate support they may need.

### **Product Approval Process**

Pen's product approval process is in place to ensure that there is appropriate oversight of all products where Pen is either a co-manufacturer or a distributor. The process includes a risk assessment process where due consideration is given to the impact of the product on the target market and the value of the product.

A diagram of Pen's product approval process can be found on the Pen website [here](#).

### **Important Information**

This target market statement should be used by all (co-)manufacturers and distributors of this product. (Co-)manufacturers and distributors should not create their own variation of this document. Where any party using this document has concerns about the accuracy or completeness of the information included, this should be raised to Pen urgently for discussion.

### Fair Value Assessment

#### **Product Fair Value Outcome – Methodology**

Pen has completed a Fair Value Assessment on products we co-manufacture. This is based on groupings of products which may be similar in features and are intended to be distributed to similar target markets.

This Product Fair Value Outcome Statement is not intended to replicate our Fair Value Assessment but sets out the approach taken and the outcome of the assessment.

#### **Distributor Remuneration**

Pen agrees commission rates with each distributor and as part of the fair value assessment process has requested details of any additional fees that may be added in the distribution chain. The fee details received have been analysed and if Pen considers these could impact the value of the product this would be raised directly with distributors.

All distributors should be able to:

- Confirm annually that the commissions and fees they charge are reasonable relative to the service(s) they provide and the total cost of the product to the customer; and
- Justify that commissions and fees they charge are fair and support the intended value of the product.

#### **How Pen Assesses Value**

Pen's product governance and oversight process requires a full review of all product groups at least annually to determine if the product offers fair value to the customer.

These reviews consider the following areas:

|                          |                                                                                                                                                                                                                                                                 |

### What are the distributor value considerations?

We expect all distributors in the chain to consider the following when selling Pen's products:

- The impact on product value of offering other products alongside this one, especially those with proportionally greater remuneration. For example, an ancillary product, elements of which may duplicate existing cover, or premium finance charged at an elevated rate of Annual Percentage Rate (APR).
- Additional commission, fees or charges added as part of distribution processes must be proportionate to the service provided, in line with those charged elsewhere, and not affect the overall value offered by the product.
- Distributors must ensure there is no duplication of cover as a result of any add-on products sold, including premium finance cover, where appropriate cover is already provided by the policy.
- Distributors should consider the Consumer Duty requirements when dealing with policyholders.

### Fair Value Assessment Outcome

Pen has considered all relevant factors, including the total price paid by the customer, value MI, distribution and other considerations in this product design.

Pen is satisfied that the product continues to provide fair value to customers and is suitable to continue to be distributed to the identified target market.
